# Why You Need Dental Insurance

Be healthy. Save money.

## Why is it important to visit the dentist regularly?

You know it's essential to brush, floss, and eat healthy. But did you know it's also important to visit the dentist regularly to spot oral-health problems early, when treatment can be easier and more affordable?

### FOR YOUR BUDGET: Ward off expensive dental emergencies.

Early-detected cavities, broken fillings, and gum disease are easily treatable. If left untreated, expensive root canals, gum surgery, tooth extractions, or worse, may result.

### FOR YOUR HEALTH: Spot potential health risks.

Oral health is directly linked to whole-body health. Dental professionals can spot symptoms of more than 120 diseases elsewhere in the body during a simple dental checkup.

## DID YOU KNOW...

for every \$1 spent on preventive oral healthcare, as much as \$50 is saved on future emergency and restorative services?

### FOR YOUR FAMILY: Start your children on the path to good oral health.

According to the Surgeon General, children miss 51 million school hours each year because of dental-related illnesses. The sooner your children begin learning good dental-health habits, the more likely they are to make going to the dentist part of their health regimen for life.

## Immediate savings

See how much you'd pay without dental insurance for some typical dental services ... and how much you can save on out-of-pocket costs with one of our dental plans.

Service	Cost without dental insurance*	Value of benefit**	Savings***
<b>Adult checkup</b> (cleaning with exam, bitewings, and no fluoride application)	\$190	100%	\$190
<b>Child checkup</b> (cleaning with exam, bitewings, and fluoride application)	\$200	100%	\$200
<b>Full series X-rays</b>	\$100	100%	\$100
<b>Filling</b> (adult, three surfaces)	\$128	80%	\$102.40
<b>Full crown</b>	\$832	50%	\$416
<b>Root canal</b> (molar)	\$803	50%	\$401.50

# Dental Savings Example

The difference dental insurance can make:

## Amy and Josh

Here is an example of how Delta Dental insurance can save you money.

Amy has dental insurance through Delta Dental. Last year, she visited the dentist twice for a checkup\*, and once for a filling. Using the chart shown on the previous page, Amy paid approximately \$26.

Unfortunately, Josh didn't have dental insurance. He also visited the dentist twice for checkups, and once for a filling. He had to pay \$508 out-of-pocket.

Amy's out-of-pocket costs:

**\$26**

Josh's out-of-pocket costs:

# How Delta Dental Provides You Value

Best of both worlds:  
Nationwide network, local service.

## DID YOU KNOW ...

Delta Dental has more than

# 150,000

network dentists across the U.S.

Dental insurance from Delta Dental can help you and your family save money every time you see the dentist, whether for preventive checkups and cleanings or unexpected expenses like fillings or crowns.

Delta Dental offers two dental networks: Delta Dental PPO and Delta Dental Premier. Both save you money.

Dentists who belong to the Delta Dental PPO network offer the lowest discounts. And the Delta Dental PPO

network has more places for you to see the dentist than any other PPO network.

Dentists who belong to the Delta Dental Premier network also agree to discounts – just not as deep. But the network is much broader; more than 81 percent of dentists nationally – and more than 90 percent in Wisconsin – belong to the Delta Dental Premier network. The Delta Dental Premier network is the nation's largest dentist network.

## Delta Dental offers two dental networks. Both save you money.

## Both networks provide you with the following:

### Treatment guarantees

Dentists agree to repair or replace dental restorations should they fail within 24 months.

### No balance-billing

Dentists agree to a maximum fee – if their normal charge is higher than the maximum fee, they can't pass the balance on to you.

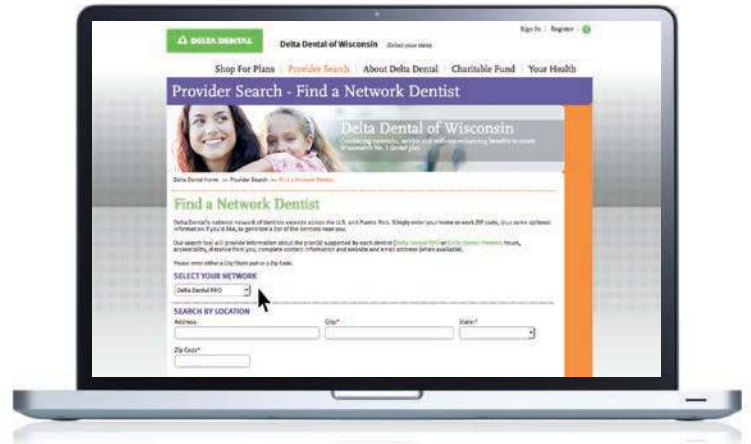

### Claims processing

Dentists file claims on your behalf. Payments go directly to the dentist. No work for you!

### A Better PPO from Delta Dental

Delta Dental is the nation's largest and oldest dental-benefits specialist built on the guiding principle that dental benefits should be simple and hassle-free. Delta Dental of Wisconsin was founded in 1962 with the same goal. Combined, member companies of the Delta Dental Plans Association serve more than 59 million people in nearly 97,000 groups nationwide.

With some PPO plans, you don't get much choice of providers. And if you go out of network, your provider may balance-bill you. But your Delta Dental PPO plan is different. The Delta Dental PPO network, with more than 165,000 dentist locations nationwide, is backed by the Delta Dental Premier network, with more than 247,000 dentist locations nationwide – almost 80% of the nation's dentists. Your lowest out-of-pocket costs come from seeing a Delta Dental PPO dentist, but you'll also enjoy cost advantages if you see a Delta Dental Premier dentist. That means savings on out-of-pocket costs **and** better choice. Here's an example:

### Confirming Your Coverage

If you are not sure of the effective date of your coverage, please call Delta Dental at 800-236-3712 before you have any dental work done.

Also, before scheduling appointments for extensive dental care, you may ask your dentist to send the treatment plan to Delta Dental. The plan will be reviewed by Delta Dental and you and your dentist will receive a **Predetermination of Benefits** form. You and your dentist may then discuss the treatment and your out-of-pocket costs. Delta Dental encourages you to be informed about your dental care.
